The Synergy of Modern Cityscape & Nature

Cubic Botanical was inspired by the green surroundings of its location, primarily Bukit Gasing / Taman Rimba, surrounded by 200 acres of forest reserves, heavily influencing its green living concept - The Figure of Cityscape Green Living. Its unique and conducive environment allows you to reconnect with nature, enhancing your quality of life.

城市與大自然

Strategic Location, Everlasting Value 地段就是永恒的價值優勢

Cubic Botanical's prime location near the Pantai Dalam Bangsar South NPE toll allow residents to experience urban city living, with Nexus Bangsar South as the nearest shopping center, followed by Malaysia's largest shopping heaven - Mid Valley Megamall. With just 5 -1 0 minutes of driving, you'll find yourself in either NU Sentral or Sunway Pyramid. Other nearby landmarks include University Malaysia and University Malaya Medical Centre (UMMC), international schools, restaurants and bars, supermarkets, convenience stores and more.

Besides that, a mere 5 minutes walk would bring you to the nearest KTM station, gaining access to KL's main transportation hub - KL Sentral, further connecting you to the international airport KLIA, bringing you unparalleled convenience.

The Perfect Combination for A Blissful Life

Diving further into the concept of discovering a hidden gem inside the forest city, the facade of the building is inspired by lush greenery that are introduced at the car park podium, creating a visual focal point. The vanishing pattern from the car park podium to the tower's facade create an unifying feature of the landscape and architecture, giving you a radiant and blissful environment.
